Pompton Lakes, Passaic County
SRP PI#: 007411
EPA ID #: NJD002173946

Dear Mr. Epps:

The New Jersey Department of Environmental Protection (Department) and U.S. Environmental Protection Agency (EPA) completed review of the Vapor Interim Remedial Measure Work Plan Addendum dated December 1, 2010. The December 1, 2010 letter, incorporated as an addendum to the VIRMWP (6/18/2008), revises that work plan to allow future sampling and analysis of the sub-slab for the same 61 constituents as indoor and ambient air samples (Low Level TO-15 Method). DuPont's investigation and remediation obligations still apply only for those compounds associated with the former manufacturing operations at the Pompton Lakes Works facility as listed in the approved VIRMWP. The Department and EPA have determined that DuPont's proposed addendum to the VIRMWP is approved. Moving forward, this change to the work plan will also apply to third party contractors and any sampling to be conducted by the Department's contractor.

We appreciate DuPont's timely response to the community and we will continue to work cooperatively on this important project.

If you have any questions regarding this matter contact me at (609) 984-4071 or Clifford Ng at (212) 637-4113.

Sincerely,

Frank Faranca, NJDEP
